

Concept Sheet Form

All concept sheets must be received by ReDLat Admin (and have gone through the appropriate group review) at least 7 full days before an EC call to be included on that agenda.

A ReDLat investigator is defined as a researcher named on one of the main ReDLat grants (NIH R01, Alzheimer's Association, Tau Consortium). Other investigators from any ReDLat site, must have approval for their proposal from the corresponding site PI before submitting a concept sheet. Outside investigators must have approval from a site PI before submitting a concept sheet.

If conflicting proposals are submitted simultaneously, every effort will be made to encourage a collaborative approach, but if not possible, priority is given to the ReDLat investigator.

Date of Submission (today's date)	
What type of collaboration are you proposing?	☐ Publication ☐ Funding Proposal ☐ Protocol Change ☐ Other Partnership
Does this funding proposal require a Letter of Support from the EC?	☐ Yes ☐ No
Please attach Letter of Support here.	(Please attach a PDF version.)
Will the publication use ReDLat data?	☐ Yes ☐ No
Will the project use any ReDLat Data?	☐ Yes ☐ No
Type of ReDLat data to be used	☐ Pre-existing data (collected before 2020, not following the ReDLat Protocol) ☐ Prospective Data collected under ReDLat protocol (collected 2020 or later)
Will ReDLat data be shared outside of the consortium for any purposes?	☐ Yes ☐ No
Have you discussed this idea with one of the ReDLat working groups?	☐ Yes ☐ No

Please first discuss this idea with one of the ReDLat working groups and then return to complete the concept sheet. Please contact redlatcoordinacion@gmail.com to ask about scheduling.

Are you a ReDLat investigator?

☐ Yes

☐ No

Study Description

(500 words max)

Does this project involve additional participant burden?

- ☐ New specimen collection needed
- ☐ New questionnaire administered
- ☐ New procedure (e.g., MRI, EEG, biopsy)
- ☐ New or additional consent needed
- ☐ Additional visit required
- ☐ No

Describe how any anticipated additional ReDLat participant burden will be mitigated

Will test results be returned to participants?

- ☐ Yes
- ☐ No
- ☐ N/A

If yes, describe when and how results will be returned:

If no, why not?

SAMPLE SPECIFICATIONS (Specimens obtained may not be used for any purpose other than the approved project without prior consultation and permission from the Executive Committee.)

Will this project require specimen submission from the local center?

☐ Yes
☐ No

((Specimens obtained may not be used for any purpose other than the approved project without prior consultation and permission from the Executive Committee.))

Please indicate the type and volume of samples requested:

Will this project require withdrawal of host DNA from the HudsonAlpha?

☐ Yes
☐ No

If yes, please indicate the date you will require withdrawal:

My printed name below indicates that all samples and data provided through this protocol will be used solely for the investigation as outlined in this summary. I further attest that I will never try to break the code and link a participant ID number (PIDN) to a participant's identity, other than through the process of a formal written application, subject to IRB review and approval. Personal information will not be disclosed during the course of this study.

Please describe any special requests.

I hereby acknowledge and agree that:

- All information that I provide in this form is complete and correct as submitted.
- The submitting site PI or, for external investigators, a ReDLa liaison, has reviewed the completed Concept Sheet and approved the submission to the ReDLa Executive Committee.
- I will submit the IRB approval or amendment PRIOR to initiating any research activities.
- Use of specimens and/or data is restricted to the agreements among PDs/PIs.
- Manuscripts or abstracts resulting from ReDLa, including the list and order of authors, must be approved by the Executive Committee and should acknowledge the consortium and related funds before submission.
- Under no circumstances will I make the ReDLa participant ID numbers public, whether in documents or presentations, e.g., journal articles, abstracts, oral or poster presentations, or on any website.
- Once approval has been granted, I must submit an annual progress report to the ReDLa Executive Committee. If I do not submit a progress report after one email reminder, approval for the Concept Sheet will expire.

My printed name below indicates that I have reviewed, accept, and will adhere to the Guidelines for collaboration, publication, and acknowledgment as outlined in the Concept Sheet Guidelines and the ReDLa Data Sharing and Publication Policy found at https://drive.google.com/file/d/1AxL-AS_rdwLq-EG525UpawYyAq6bmVN_/view?usp=sharing
